Stardust, the ideal system to make even the most challenging spaces attractive. Lobbies and corridors can be dark and cold, but our Stardust lights create a deep effect on the atmosphere of a room, making even the most anonymous spaces appealing. The effect created by a soft, discreet light creates a relaxing atmosphere, giving a surreal touch to the environment. Stardust is a low-voltage product that is easy to install and can be easily integrated into baseboards. It is ideal for installation in children's bedrooms, where discreet and never intrusive lighting reassures the little ones, in hotel corridors, nursing homes, private homes, etc.
