COBB LED LIGHT SYSTEMS

LED FOR OUTDOORS

LED LIGHTING FOR OUTDOOR

In this section you can view all COBB products dedicated to LED lighting for EXTERIORS, divided by category. Select the category of your interest below to view the products.

LED FOR INDOORS

LED LIGHTING FOR INDOORS

In this section you can view all COBB products dedicated to LED lighting for INDOORS, divided into categories belonging to them. Select the category of interest you need to see the products.

LED LIGHTING FOR OUTDOORS

Product Features

Spotlight material: 316L stainless steel and aluminum

Front ring: 316L stainless steel

Front glass: transparent

Led: white 2700°K - 3000°K - 4000°K - 5500°K

Power: 1W

Supply current: 350mA constant

Connection: serial connection

Degree of protection: IP67

Installation: by means of (included) housing frame

Led lifetime: 50.000 hours

Control mode: on/Off, Dimmable, RF Remote Control, DMX, DALI, Smart App*

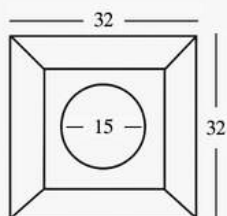

Finish

AO Matt stainless steel AL Polished stainless steel CR Chrome GR Grey

Stardust, the ideal system to make even the most challenging spaces attractive. Lobbies and corridors can be dark and cold, but our Stardust lights create a deep effect on the atmosphere of a room, making even the most anonymous spaces appealing. The effect created by a soft, discreet light creates a relaxing atmosphere, giving a surreal touch to the environment. Stardust is a low-voltage product that is easy to install and can be easily integrated into baseboards.

It is ideal for installation in children's bedrooms, where discreet and never intrusive lighting reassures the little ones, in hotel corridors, nursing homes, private homes, etc.
